Purpose

To provide an inclusive environment for youth and adult athletic leagues while balancing fairness and safety for all who compete.

Policy

For participation in South Suburban In House Leagues, there are no gender-specific requirements. For participation in Co-Rec Leagues, gender-specific requirements are based off the sport's specific participation number requirements (found in the sport-specific rule set) and individuals may participate in accordance with their gender identity. Non-binary participants are not required to gender declare and their participation will count towards the larger gender requirement needed for the team (ie: Coed soccer requires no more than three of a gender and no less than two of the other on the court at a time, a non-binary participant would count toward the no more than three gender requirement). Misuse of this policy may result in forfeiture of game and/or season.

For participation in sanctioned leagues, the transgender and non-binary clauses will be followed by the sanctioned governing body.

Definitions

South Suburban sport specific coordinator will utilize a committee of SSPRD athletic staff and at least one member of the DEI committee to review any infractions based upon this policy.
